<<A drink is only as good as its ingredients. And the people who produce them. We work largely with family-owned and family-operated businesses that care deeply about quality. For ingredients, that means: Quality starts with the local, producer-owned well water at our bottlers, continues with the use of real cola extract and naturally sourced caffeine, and ends with the all-natural ingredients in our fritz-limos. All of our fritz products are vegan, gluten-free and fair trade.>> (FRITZ-KOLA.DE)
